Description: From the very first day of our lives, few months and days play an essential role. According to each person's vibrations, there are one or more fortunate months and days of week that might improve one's outlook on life and bring good fortune. Each month and day have its own vibration and its own vibratory influence. When beginning a new endeavour, we need all the luck we can obtain. Therefore, it's wise to be aware of the fortunate months and days associated with your body vibration so that events might go your way. These months and days bring forth success, prosperity, and happiness. You may have heard people talk about Electional Astrology. Electional Astrology is a branch of astrology where fortunate months and days for wearing new clothes, buying new mobile, start new business, buying new vehicles or even properties, are identified after careful analysis of one's body vibrations. Some people believe that few fortunate months and days in their life or business can help them reach greater heights. It's a popular trend and many people have found success through it. For this reason, we developed a miraculous occult method which is known as **Spiritual & Scientific Astrology**. Through this method, we deeply analyse various vibrations attached with one's physical body and auric field. On behalf of this analysis we identify one's fortunate months and days.
