You may have heard people talk about Name Astrology. Name Astrology is a branch of astrology where names of children, businesses, or even properties, are kept after careful analysis of one's body vibrations. Some people believe that changing certain letters in their name can help them reach greater heights. It's a popular trend and many people have found success through it. For this reason, we developed a miraculous occult method which is known as ***Spiritual & Scientific Astrology***. Through this method, we deeply analyse various vibrations attached with one's physical body and auric field. On behalf of this analysis we identify one's fortunate alphabets or letters.
