Description: From the very first day of our lives, Crystals play an essential role. According to each person's vibrations, there are one or more fortunate crystals that might improve one's outlook on life and bring good fortune. Each crystal has its own vibration and its own vibratory influence. When beginning a new endeavour, we need all the luck we can obtain. Therefore, it's wise to be aware of the fortunate crystals associated with your body vibration so that events might go your way. These crystals bring forth success, prosperity, and happiness. You may have heard people talk about Healing Crystal Therapy. Healing Crystal Therapy is a branch of occult science where fortunate crystals for good health, career, business, marriage, child birth, prosperity or even relationship, are identified after careful analysis of one's body vibrations. Some people believe that wearing certain crystals, can help them reach greater heights. It's a popular trend and many people have found success through it. For this reason, we developed a miraculous occult method which is known as **Spiritual & Scientific Astrology**. Through this method, we deeply analyse various vibrations attached with one's physical body and auric field. On behalf of this analysis we identify one's fortunate crystals.
